## PREFACE.

The Annual Statistical Abstract for Madras State for 1964-65 is the ninth in the series.

2. This publication presents statistics on a variety of subjects of topical interest such as Agriculture, Livestock, Forests, Industries, Joint Stock Companies, Trade, Transport and Communication, Co-operation, Education, Five-Year Plans, Key Indicators of Economic Activity, Crop estimates by scientific methods, Prices, State Income, State Finance, Vital Statistics, etc. The Statistics presented under the various sectors of Economic activity and achievements reveal the tempo of progress of the State in a planned developing economy. The Abstract covers in the main the official year 1964-65 (April 1964 to March 1965) though in a few cases, the reference period is the Agricultural (Fasli) or Calendar year.

3. Chapter I depicts the "Key Indicators of Economic Activity" which spotlight the quintessence of the pace of progress in the State. Population statistics classified according to age, sex, literacy, density, etc., are based on the Census of India 1961. Month-wise prices statistics high-light the trend in prices of a wide range of agricultural commodities and certain important items of Industrial Commodities. Cost of living indices are presented for certain selected centres in the State for 1964-65.

Copies earmarked for sale are available at the Madras Government Publications Sales Depot, Madras-2.

The Co-operation extended by the various Heads of Departments of the State and Central Governments is gratefully acknowledged.
